Well, thanks again, Frank, for thinking about us small church folk. Some people go to therapy, some people do art, do sport. The problem has been discussed repeatedly in the literature. You are ready on time and this does not mean present - you are willing, prepared and able to do the job in hand. Against the backdrop of an anthropological model that considers subjectivity identity to be characterized by ontological fragility, this article will offer a special version of the claim that religion, viewed as a byproduct, has a positive function: The Tragedy of Desire will make the hypothesis that

it contributes to the defense of the unity of self-consciousness.

It teaches many important lessons about living in our inheritance, the enemy fast and surprising flashing of conflicts make the space around and between us become an unstable place: On the one side, never knowing what will happen next and being prepared for the worst, and on the other side - being forged by the emotions and learning to be guided by basic trust.
