Mother Earth Land Grants in Virginia 1607-1699

Other representations show him with a more skeletal appearance. The vastness of the night sky, and its moving planets, or the earth itself - here conceived objectively as a solid, round, visualized object - these things, though thrown momentarily into sensible relation with the passions of man, yet remain vast, distant, separate, seen but not apprehended; something against which the dramatic movement may be silhouetted, but with which it cannot be merged.
