So this is a must-watch video in my book.

God Is My Therapist

The dominant theme in studies of the economy has been and, to a large extent, remains that of Italy's 'dualism', which has three closely interrelated contrasts: first, between one part of the economy which is technologically advanced with high levels of productivity and a more traditional part of the economy which is more labour intensive and with low levels of productivity; second, between part of the economy comprising very large firms and part comprising thousands of very small firms, with the absence of much medium-sized enterprise in between; third, between a rapidly developing North and a backward and under developed South. But one thing for sure, until I find out the authenticity of who Christ is, through the historical records Jesus left behind, along with his followers and disciples of their time, I still remain as free-thinker, till I get the whole full picture of Judaism, Christianity and Islam.
