in these later centuries, the rapid strides of progress, the number and dissemination of artistic inventions, and the enduring grandeur of establishments, especially attract our attention; antiquity captivates us above all by that inherent greatness which is comprised in the life of the individual, and perishes along with him,-the bloom of fancy, the depth of thought, the strength of will, the perfect oneness of the entire being, which alone confer true worth on human nature. Ease Heidegger in France (Studies in Continental Thought)

printing a web page depends on its length: [8] longer web pages are harder to print, as the user will not know the number of sheets of paper required.
